► **Step 1: A single table with multi-colored cells.**

▼ **Step 2: The table from Step 1 embedded in a 1x1 table**

This outer table has no color selected for this single cell. The inner table has all of the right colors.	
Text	more text
and	even
more	text.
The text in the first column has had the highlight color changed.	

► **Step 3: The table from Step 2 with the outer table's cell color changed.**
